DWS302 ZigBee Door/Window Sensor

Main Features

- ZigBee 1.2 HA compliant
- Design for easy mounting with double sided tape
- Low battery warning notification sends to phone
- More than 20mm Powerful detecting distance
- Double reed design that suits different direction open door
- Compatible with other manufacturers' ZigBee products

Main Specifications

Operating Voltage	• DC3V (1*CR2032 button battery)
Current	• Standby Current: ≤5uA • Alarm Current: ≤30mA
ZigBee Profile	• Home Automation Profile
Detecting Distance	• >20mm
Networking	• Mode: ZigBee Ad-Hoc Network • Distance: ≤100m (in the open area)
Operating Ambient	• Temperature -10~+50 C • Humidity: maximum 95% RH
Dimension	• 60(W) x 30(L) x 12.5(H) mm
Magnetic Body Dimension	• 60(W) x 13(L) x 12.5(H) mm
