THS307 ZigBee Temperature Humidity Sensor

Main Features

- ZigBee 1.2 HA compliant
- Low battery consumption
- Low battery warning sends to the phone
- Low consumption ZigBee module
- Digital high-precision temperature and humidity sensor

Main Specifications

Working voltage	• DC3V lithium battery
Battery life	• 1-3 years
Static current	• ≤10uA
Operating Ambient	• Temperature: -10 ~ 50C • Humidity: maximum 95%RH
Networking	• Mode: ZigBee Ad-Hoc Networking • Distance: ≤ 100 m (in the open area)
Dimension	• 60(W) x 60(L) x 20.8(H) mm
